PURINTON'S VOTE DID NOT PLEASE UNION MINERS

Alliance, March 9.—United Mine Workers of sub-district No. 4, of district No. 6 of Ohio, closed a two days' convention in Alliance Wednesday afternoon when the 30 delegates present from Columbiana and Jefferson counties unanimously passed a resolution condemning the action of Senator J. J. Purinton, of East Liverpool, in voting against the screen bill. The bill was killed in the senate by his vote, it was claimed. The miners also condemned the attitude of Senator Purinton against the eight hour women's bill.

Delegates present reported that conditions in this sub-district are quiet, with no strikes and no indications of impending strikes. The wage scale will come up for discussion next year, when the convention will again be held in Alliance on the first Tuesday in March.

Officers elected for the ensuing year include: President, John Saxton, Salineville; vice president, M. McQueen; secretary-treasurer, G. W. Savage, Amsterdam; board members, Robert Kerr, New Waterford; D. C. Jones, Bergholz, and Fred Tolson, Salineville.

The delegates visited the Alliance fire department and were given a royal reception by the city officials.

WILL GREATLY ENLARGE NATIONAL CHINA PLANT

The National China company expects to spend hundreds of dollars in improvements to its plant at Salineville that will make it modern in every respect. A two-story brick addition for a decorating department will be erected and the company will provide its own electricity for lighting purposes throughout the plant. A large dynamo is being installed, while electricians are engaged in wiring the plant.

SHOWS GREAT INCREASE IN AUTOS IN THIS STATE

Lisbon, March 9.—County Clerk D. A. Davidson received this morning a letter from J. A. Shearer, state registrar of automobiles, in which the latter called attention to the fact that he was sending Mr. Davidson a book containing 16,600 registrations of automobiles in this state. Mr. Shearer stated also that the total registration for 1910 was 33 and that his department fully expected the registration this year to reach 40,000. The figures above will give some idea of the large growth of the automobile industry in Ohio alone and its rapid increase over previous years. In addition to the book containing the registrations, Mr. Shearer is also sending blank application blanks for registration and license tags and they will be kept on hand by Mr. Davidson so that auto owners in this county may have the privilege of securing them without any unnecessary delay.

Not Private Funeral.

Through some misunderstanding the impression has been created that the funeral of Miss Marie Fronk, who died last Sunday at the home of her sister, Mrs. A. C. Spencer, of Avalon, Pa., will be private. The funeral Friday afternoon at 2 o'clock at the home of the parents, Mr. and Mrs. S. W. Fronk, of West Main street, will not be private.

WORK IS BEGUN ON NEW NINE KILN POTTERY FOR SEBRING

Active work on the new pottery to be built in Sebring was begun this week, when a force of men and teams began to excavate for the foundation walls. This pottery will be located south of the Oliver china and automobile works and near the Stark Electric tracks. It is to be a nine-kiln pottery.

The walls for the big addition to the Sebring Pottery company's plant are now completed and the roof will be put on during the present week.

Ohio Soldiers Eager to Go To Texas if Needed

Officers attached to Adjutant General Weybrecht's department and on the division staff of Major General Charles Dick were bobbing in and out of Weybrecht's office in Columbus all day Wednesday preparing for an emergency call of the Ohio national guards for the Mexican border maneuvers. Railroad Commissioner O. H. Hughes, colonel on Dick's staff, would have the Ohio milita assemble in St. Louis.

"We are not going to be caught napping if they need us," said General Weybrecht. "We have everything needed to take the field instantly, ammunition, tentage and other equipment, and we will be johnny-on-the-spot if they call for us."

The officials now expect that if any Ohio soldiers go into action the orders from Washington will call for the entire state division of 7,000 men. No official word has been received from the war department, but arrangements are being made as a result of private warnings from men supposed to have inside knowledge of the real purpose behind the present warlike movements.

Capt. U. S. Wetzel, commanding Co. K., Eight infantry, O. N. G., of Alliance, of which Arthur Wirsching and Harry Havnar, of this city, are members, has notified his officers and non-commissioned officers to keep in close touch with the members of the company and to be in readiness to get busy in case any order came for a movement of the local command.

LADY MINSTRELS FAILED TO PUT UP COSTS IN SUIT

Lisbon, March 9.—The case of the Stewart & Raymond lady minstrels against C. S. Chisholm, of Salem, has been dismissed by Judge J. G. Moore on the failure of the plaintiff to secure the costs of action as ordered by the court. This action grew out of an alleged violation of a contract to the company for them to appear in the defendant's theater in Salem, the plaintiffs claiming that they were damaged by the cancellation of this contract by the defendant.

STATE HIGH SCHOOL FIELD MEET TO BE HELD MAY 20

Manager H. Shindle Wingert is notifying captains of High school track teams in Ohio of the fourth annual track and field championships of the Ohio High School Athletic association, which will be held at Columbus Saturday, May 20, under the auspices of the Ohio State University Athletic association. Salem High school is a member of the association, but none of the Salem boys expect to enter.

The ninth annual Big Six meet will be held at Columbus, Friday, May 26.

COUNTY EQUALIZATION BOARD TO RECONVENE

Columbus, March 9.—(Special.)—The state tax commission today ordered the Columbiana county equalization board to reconvene and complete its work. The board is ordered to sit until March 26.

Church Federation to Meet.

The City Federation of Churches will hold its regular monthly meeting Friday evening, March 10.

SALEM SOCIALISTS HEARD GREAT DEBATE

Salem Socialists joined delegations from other towns in this vicinity in a journey to Canton Wednesday evening, where they listened to a debate on Socialism between Attorney Allen R. Cook and Rev. A. W. Higby, rector of St. Paul's Episcopal church at Canton. Attorney Cook, one of the prominent Socialist leaders of this part of the state, championed the affirmative side of the subject, "Resolved, That Socialism offers the only solution of the economic and moral problems of the age."

Mr. Cook was allowed seven minutes for his opening statement. He was then followed by Rev. Mr. Higby for seven minutes. Each was then given half an hour for opening arguments and half an hour for replies. The large audience at the Canton auditorium was left to judge for themselves.

MARKERS OF SOLDIERS GRAVES BEING ORDERED

Lisbon, March 9.—The board of county commissioners is at present ordering markers for soldiers' graves which will be placed in position in cemeteries in the county before Decoration day. About 20 markers have already been ordered and the commissioners desire that those whose duty it is to see that these markers are supplied will notify them at their earliest convenience of the number they desire. Every soldier's grave in the county should be so remembered in this way as all that is necessary is that the commissioners be notified and the name of the soldier, his rank and command be given. The distribution is made directly to the G. A. R. post in the cities and villages who look after the placing of these memorials.

YOUNG MAN RELEASED FROM JAIL LEFT TOWN AT ONCE

The young man arrested Wednesday on a charge of stealing goods from the D. F. Triem store, where he has been employed, was released from the city jail Thursday morning and immediately prepared to leave the city. His home is in Pennsylvania, but he came here from Youngstown. His father is said to be a wealthy Jewish merchant.

Real Estate Transfers.

Lisbon, March 9.—J. C. Chamberlain et al to John D. Johnson, southwest corner of lot 1096 in Westview addition to East Palestine; $300.

J. C. Chamberlain et al to Ben Seidle, lot 1086 in Westview addition to East Palestine; $375.

Pauline Mulhern to Selma Granpher, lot 9 in Thompson's addition to Salineville; $200.

H. C. Muntz to H. A. Tolerton, tract of land in Perry township; $1.

W. E. Court to H. E. Hartford, lot 99 in Bloomfield Land company's addition in St. Clair township; $1,550.

H. A. Tolerton to W. W. Tolerton, .63 of an acre in Perry township; $1.

Joseph Speidel to Elwood Shinn, 2.63 acres of land in Salem township; $13.

Off to the Consistory.

The following Masons left Thursday to attend the 40th annual reunion of the consistory in Cleveland: D. E. Mather, D. G. Raley, L. A. Callahan, Dr. F. T. Miles and Jesse Kepner.

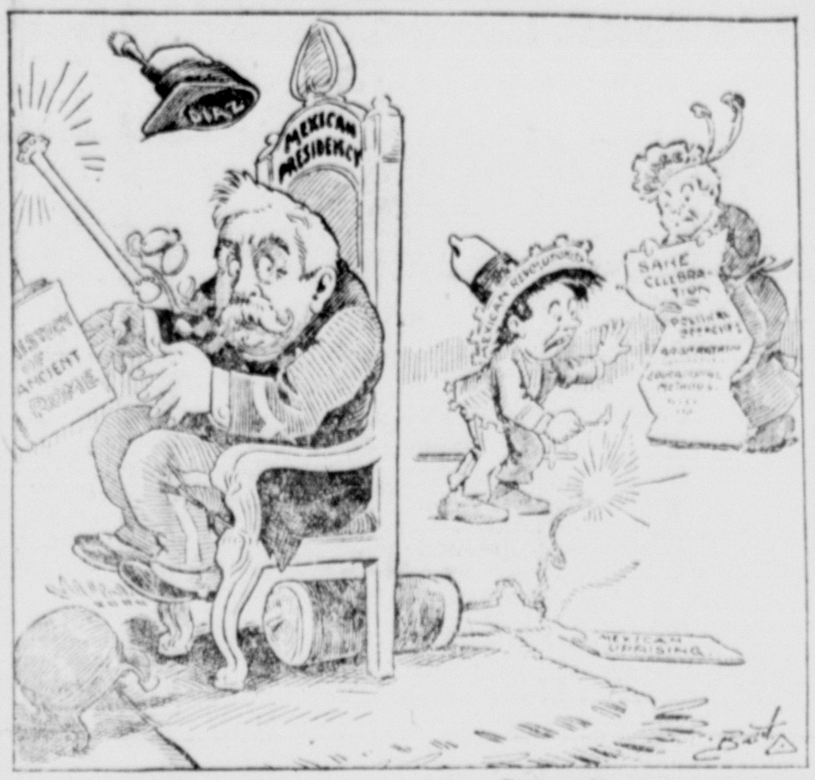
APPORTIONMENT OF TAXES FOR THE VARIOUS FUNDS IS MADE BY AUDITOR

Lisbon, March 9.—County Auditor C. H. Cobourn has completed the apportionment of taxes for the different funds and school districts collected by County Treasurer W. H. Hepburn. The net total is $498,063.26. Of this the county fund will receive $30,783.75; the poor fund $12,876.40; the Children's home fund $4,292.13; the bridge fund $17,168.53; indigent soldiers' fund $3,433.71; building fund $1,716.85; the debt fund $6,094.83; road fund $15,451.68; blind relief $3,433.71; judicial fund $8,584.27.

The total fund apportioned to the township, special district and city schools of the county is $161,834.04. Of this amount East Liverpool will receive for their schools $55,586.73; Salem $24,713.16; Wellsville $14,889.59; East Palestine $8,974.33; Lisbon $7,810.66.

The amount of work involved in preparing this apportionment can be dimly understood when it is known that County Auditor Cobourn and his assistants have been for the past six weeks engaged in figuring out the funds for each separate district and checking over these figures to avoid the possibility of a mistake.

THE BAD BOY OF MEXICO GIVES THE PEACE MOVEMENT ANOTHER SHOCK.



—Bart in Minneapolis Journal.

The Potteries in This Territory May be Included in Big Trust

East Liverpool, March 9.—That a gigantic proposition is under way for the combination of a number of potteries in the United States under one head, including several East Liverpool plants, became known here today. However, the proposed merger has not been submitted to the local manufacturers, but they are eager and willing, it is said, to join the combination.

A Pittsburg man, whose identity is being kept secret, is promoting the combination. The proposition has been in the course of consummation for several days, and it is said an important meeting of the capitalists behind the enterprise will be held next week in Pittsburg.

MANEYPENNY GIRL SENT TO WORKHOUSE

Lisbon, March 9.—Mary Maneypenny, who was brought before Judge Farr for the fourth time charged with being an incorrigable, was this afternoon sentenced to five months' imprisonment in the Canton workhouse.

The girl has been given every chance to reform and has been sent to different institutions but always managed to escape. She was captured recently in a shanty maintained by William Thompson, in East Liverpool, together with Rose Fisher and Mary Starkey, after having made her escape from a Catholic institution in Cleveland.

The girl is past 16 years of age and when brought back this last time told the court of her experience with very little hesitation. The court hesitated for some time in regard to the disposal of this case but found that there was nothing else to be done to restrain the girl. She will be taken to Canton within a few days.

FELL FROM CAR STEPS; SUING FOR DAMAGES

Mary Simpson, Lisbon, filed suit in common pleas court, Wednesday morning, against the Pittsburg & Lake Shore Railroad company, in which she asks $15,000 damages for injuries received March 15, 1907. She fell from a passenger coach of the defendant company, in Cleveland.

The petition states the employes of the defendant company stopped the train for the unloading of passengers in a part of the station where there was no platform. The distance from the car step to the ground being excessive and the plaintiff being aged fell to the ground sustaining permanent injury to her right knee. Metzger & Smith, of Salem, and Venice Lamb, of Youngstown, represent the plaintiff.

FURNACE BLUE UP AND BADLY WRECKED STORE

New Waterford, March 9.—The furnace in L. D. Crowl's hardware store blew up some time during Tuesday night and badly wrecked his store. Two large panes of glass in the front window were completely blown out and a number of other windows, lamps, etc., were broken. The furnace is situated in the cellar and is a complete wreck.

Just what caused the explosion is a mystery. It possibly might be that there was something in the coal which exploded during the night. It did not seem to be the work of burglars. That fire did not ensue is a wonder. This will be a severe loss to Mr. Crowl as the damage caused by the explosion will be heavy.

DROVE RIG IN FRONT OF Y. & O. R. ENGINE

Washingtonville, March 9. — While returning from a visit to Leetonia Edward Nichols, living near East Lewistown, drove onto the Y. & O. R. tracks in front of one of their engines at stop 13 Tuesday afternoon about 3:30. The carriage was entirely demolished, the horse and driver being thrown some distance from the track. The injured man was brought to the Washingtonville depot, where doctors sewed up a wound over the right eye and bandaged several fractured ribs. He was taken home in a carriage. Persons in the vicinity of the accident took care of the horse.

THE FREEDOM OIL CO. HAS NOT PURCHASED LAND HERE

When a News reporter approached J. W. Provins, local agent for the Freedom Oil company, and inquired as to the authenticity of the report of a local publication regarding the purchasing of a strip of land on which the oil tanks and buildings of that company are located, he stated that the report was groundless. No negotiations have been entered into by the Freedom company for the purchase of land from the Woodruff company.

GLASS SIGNALS FOUND BROKEN

PENNSY INSPECTOR MAKES STARTLING DISCOVERY.

BOY'S PRANK PROBABLY

Possibility of a Bad Wreck Through Display of "Clear Track" Light Threatened Many Trains—Glass Insulators Also Broken.

Should several yougsters of the west end of town continue their mischevious practice of breaking glass insulators and glass signals of the block system of the Pennsylvania railroad, they may find themselves in the clutches of the law to answer for their depredations. A severe penalty is exacted for the destroying of these signals, thereby endangering the lives of entire train loads of people.

One day this week the signal inspector of this section mounted the signal tower, within a stone's throw of the Stark Electric trestle, and discovered that the green glass signals had been either shot out by small rifles or broken with stones from the hands of the many youngsters who congregate so often on the bridge in violation of the rules of the Stark Electric company. In breaking this green glass, the signal for engineers to proceed with caution, the white glass, meaning a clear track, is brought into the view of the engineer. Should an engineer receive the wrong signal in this manner, the lives of the passengers would be at stake. Should the red signal have been broken out, the clear track signal would again be caught by the engineer and he would have proceeded with his train unaware of a wreck, which would be almost inevitable.

In order to check this unlawful practice the Pennsylvania officials have made an investigation and should another lad be caught throwing at these signal towers he is sure to be "nabbed" by the Pennsylvania detective force. The same trouble has been reported of people, mostly boys, who persist in walking along the tracks and breaking the glass insulators on the arms of the telegraph poles.

STARK OPPOSES BUT THIS COUNTY FAVORS NEW BILL

Canton, March 9.—Superintendent J. C. Lupher, of the Fairmount Children's home, has sent a bill to Senator Crawford to have a portion of the Aikin tax received by Stark county transferred, or made payable to the fund for the maintenance of the Fairmount home.

"The matter was brought to the attention of the commissioners of Stark and Columbiana counties at their joint meeting Tuesday," said Commissioner Brissel.

"Columbian county commissioners favored the passage of the bill and the Stark board opposed it. We have a surplus fund of nearly $100,000. It will require$36,000 of this to pay for the salaries of the land appraisers and the expenses incurred in making the decennial appraisement.

"The reason Columbiana county favored the passage of the bill is because they have no Aikin tax. Stark county receives $18,000 annually from the Aikin tax for the poor fund, which is used for infirmary and other purposes.

"We propose to use the balance of the surplus in paying the county's share of the cost of building the tuberculosis hospital. The law gives the commissioners the right to transfer a surplus in the poor fund to any fund needing replenishing, and if in the future the Fairmount home is in need of funds it can be taken care of without the intervention of an additional law. We have written Senator Crawford asking him not to introduce the bill."

DR. F.A. COOK, EXPLORER, TO LECTURE IN YOUNGSTOWN

Dr. Frederick A. Cook, the explorer about whom so much controversy waged as to whether or not he discovered the North Pole, will be in Youngstown Sunday to deliver two lectures, one in the afternoon and one in the evening. He delivers a lecture covering an hour and a half and during that time shows stereopticon views and moving pictures of the far north.

The passing of the Crosser municipal initiative and referendum bill by the Ohio house Wednesday and the probability that it will soon pass the senate seems to indicate that Ohio cities are about to enter an era of political experimentation such as has characterized certain western states. By the provisions of the Crosser bill all acts of city councils may be referred back to the people for approval on petition of 25 per cent of the voters or the same number of petitioners may initiate any legislation they may want which the council refuses to give them. Our observation has been that it is comparatively easy to induce a city council to pass legislation demanded by any considerable number of citizens. The greatest fault in Ohio municipalities at the present time is that so many laws that are already in existence are not enforced. More potent than either the initiative or the referendum for present conditions would be the recall.

Ohio people are not especially pugnacious but there is no discount on their patriotism. The offers of military services by telephone and telegraph which poured into Adjutant General Weybrecht's office from all parts of the state Wednesday indicated that the average Ohio citizen is ready to take up arms whenever necessity demands. And it may be added that, as this is true of the citizens of every other state, this spirit has made a great standing army in the United States unnecessary. In spirit and willingness at least our "standing army" is limited only by the number of our able bodied male citizens. But there is no occasion for undue excitement at the present time. At the worst, Uncle Sam will only have a little police duty to perform in Mexico. This nation is not preparing to go to war.

A mother in Youngstown, trapped on the upper floor of her home by a fire which broke out on the first floor and cut off escape by the stairway, hastily made an improvised rope of bed clothing and lowered herself and her seven children to safety. It was a heroic act and an exhibition of rare presence of mind, but is this not also a suggestion that every home ought to be provided with some kind of fire escape? The prevalent practice of sleeping in upstairs rooms renders just such a condition as confronted the Youngstown woman possibly most any night. A fire proof rope ladder or even an ordinary rope of sufficient strength to sustain the weight of an adult should be kept in some convenient place on the upper floor of every residence.

It is said that one of the things which immediately impresses an American when traveling in Europe just now is that the Europeans seem to have a much greater appreciation of the wonderful and successful work done by the United States in the Panama canal zone than the Americans have. Is this lack of appreciation at home due to indifference, or is it a natural result of Yankee confidence? We are inclined to the latter belief. Americans have become so accustomed to doing great things and seeing great feats accomplished that they have ceased to wonder at them.

Mr. Ballinger by resigning and not withdrawing his resignation has given Senator Bailey a strong hint.

The Outlook is now bound in white paper covers, but that doesn't mean that the colonel is trying to scrape up friendly relations with his Ananias club members.

However, Congressman Hobson may declare that he dared the war department to do it.

SIXTY DAYS FOR MINISTER

Rev. George Pleads Guilty to Living With Spirit Wife.

Cleveland, March 9.—Rev. P. A. George, leader of the Kingdom of God sect, was fined $25 and costs and sentenced to the workhouse for sixty days by Judge McGannon when the minister pleaded guilty to living with Mrs. Louise Sperry as his spirit wife. She and her husband are members of the sect.

The minister claims that God told him that Mrs. Sperry was his wife before heaven. Mrs. Sperry also declares that she was told by God to leave the home of her earthly husband and two children and live with Rev. Mr. George as his spirit wife.

The woman's earthly husband, Sperry, says he thought the change was right if God said so. The minister was arrested on a warrant sworn out by Mrs. Sperry's sister, Mrs. Carrie Smith, of Conneaut, O.

COLLAPSES WHEN SHE SIGHTS LOVER

Youth's Presence in Courtroom Upsets Mrs. Melber

Albany, N. Y., March 9.—With the jury box a little more than half filled for the trial of Mrs. Edith Melber, on the charge of murder in the first degree for killing her five-year-old son with carbolic acid, District Attorney Sanford was ready to accept a plea of murder in the second degree, for which there would be a life sentence commutable to twenty years.

The trial room was again thronged and at the hour of adjournment the big square in front of the courthouse was jammed with people hoping for a glimpse of the girlish looking young widow on trial for the cruel murder of her own baby boy.

Much interest centered around Howard Kirk, the young Schenectady draftsman, who was said to have been Mrs. Melber's sweetheart at the time she killed her boy. His presence in the courtroom for the first time is given as the cause of Mrs. Melber's collapse when, but for the prompt administration of restoratives, she would probably have fainted.

The proposed ordinance to prohibit the exposure of food stuffs on the streets of Alliance has met much opposition among the grocers and butchers of that city.

"A NERVOUS WRECK"

"My daughter is rapidly becoming a nervous wreck," said an anxious father to a friend who happened to be a druggist,—"she has no appetite, is run down,weak, takes no interest in anything, and we cannot find anything that helps her."

"Why don't you give her Vinol"—said the druggist—"it is not a secret nostrum, just a simple and delicious cod liver and iron tonic—and the best strength creator and general all round tonic we have ever sold in our store. Take a bottle home and try it. We'll return your money if it does not help her."

Within ten days the father came back for another bottle of Vinol, saying that he had never seen such a change in a girl in his life, and he felt sure one more bottle of Vinol would restore her to her normal condition."

Such cases as the above are constantly coming to our attention, and we ask every run-down, nervous, debilitated, aged or weak person in this vicinity, and every person suffering from a chronic cough, cold, or bronchial trouble, to try a bottle of Vinol on the same terms as above. Frank F. Trimble, druggist, Salem, Ohio.

JUDGE BLAIR REOPENS PROBE ON MARCH 20

Sends Two Convicted Vote Sellers to Workhouse

West Union, O., March 9.—Judge Blair reopened the regular term of court here, which was interrupted by Groom's suit to test the legality of the disfranchisement for vote selling. Owing to the large amount of unfinished business he fixed March 20 as the date for resuming the election probe. In that time those voters who are holding out will be asked to come in and either confess or stand trial.

Judge Blair ordered two convicted vote sellers, William Harrison and Patrick McClain, to the Cincinnati workhouse for an indefinite period. They had broken their promise to the court several weeks ago by getting drunk and flourishing guns.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by Bolger & French.

MASSING TROOPS AS PRECAUTION

Can Be Ready For Any Emergency in Mexico

MAY STAY IN TEXAS LONG TIME

Mobilization of 20,000 Troops and 2,000 Marines Near Mexican Border Going Along Smoothly—Staff and Line Officers of Militia Will Probably Be Invited to Attend Maneuvers—General Wood, Chief of Staff, Decides to Go to the Front.

Washington, March 9.—The situation which has resulted in the sudden movement of 20,000 troops toward the Mexican frontier and the hurrying of 2,000 marines and five warships to the gulf is gradually unfolding itself.

Officials of the war and navy departments still contend that the mobilization of one-quarter of the entire regular army along the Mexican line is for the purpose of holding joint army and navy war games, but the fact that it is intended chiefly as a military demonstration for the protection of American and other foreign properties in Mexico is becoming more certain.

Line Not Properly Patroled.

There is, however, another consideration which influenced the president and his advisers to order this impressive force to the Mexican frontier. It was learned that Mexico about two weeks ago formally protested to the state department that the American side of the dividing line was not being properly patroled.

The contention of the Mexican government was that the revolutionists had been able to use the American side as a base of operations. The Mexicans were, of course, powerless to invade American territory. This protest has been considered in conjunction with the desire of this government to show its inclination to protect American interests in Mexico in event of the Mexican government failing to cope with the situation.

Ready For Emergency.

It is apparent that the extraordinary movement of troops to the Mexican border is purely a precautionary measure. At present the United States has no intention of crossing the frontier into Mexico. The purpose of sending the troops into Texas is merely to have them available in the event of a contingency endangering American or other foreign interests in Mexico.

Also the mobilization is intended to forestall any formal representations by European governments. By its activity the United States tacitly notifies the European powers that it stands ready to protect foreign property if the Diaz administration fails in its duty.

To sum up the United States is massing soldiers along the Mexican border for the purpose of aweing the Mexican revolutionists, of putting the United States forces in position to act in event of an emergency and of quieting any apprehension that foreign governments may have had of their interests in Mexico.

Denial by British Embassy.

A denial was made by officers of the British embassy that any formal representations had been made to the state department in regard to the Mexican situation by Ambassador Bryce. There is still a strong impression in Washington, however, that the British ambassador has discussed the Mexican situation informally with officers of the state department.

The proposed army and navy maneuvers are, of course, merely incidental to the main purpose. They afford a convenient cloak for covering the fact that the United States government is at all alarmed over the situation in Mexico. Plans are being pushed now for these maneuvers and they will be carried through in great detail if nothing more serious diverts the attention of the troops.

Wood Going to Front.

One of the principal developments was the announcement by Major General Leonard Wood, chief of staff, that he will personally go to San Antonio, where headquarters of the division will be. This means that General Wood will himself be in charge during a part of the war maneuvers.

In addition to the regulars now on their way to Texas, the staff and line officers of the militia throughout the country, 8,000 in number, will probably be invited to go to Texas and witness the maneuvers. The militia organizations themselves, is said, will not be called into the war games and the officers of the state organization will not be at the headquarters at the same time. They will be invited in batches off and on while the maneuvers are in progress.

Mexican Embassy Resents Intimations.

Representatives of the Mexican government in Washington resented the intimation that the Diaz government had asked the United States to interfere. The embassy here issued this statement:

"The insistent rumor that Mexico has asked or was going to ask American intervention to settle its own internal affairs is ridiculous. The government has the power to enable it to

CAPT. GYGER ON RETIRED LIST BUT RETAINS RANK

Alliance, March 9.—By direction of Governor Harmon, Adjutant General C. C. Weybrecht, has issued Special Orders No. 40, by virtue of which Captain Elliott L. Gyger, of the Alliance Daily Review editorial staff, is, at his own request, placed upon the retired list of officers of the Ohio national guard with rank of captain.

Captain Gyger enlisted in the Ohio national guard May 4, 1892, being one of the original members of Co. K, Eighth infantry, of Alliance. During the Spanish-American war he commanded Co. K, Eighth Ohio volunteer infantry, being in the United States service from April 26, 1898, to November 21, 1898, and serving in the expedition against Santiago, Cuba. At the time of his retirement Captain Gyger was a member of the general service corps, Second brigade, O. N. G.

For retirement in the Ohio national guard requires a service of at least 10 years, five of which must have been as a commissioned officer. According to the regulations a retired officer is entitled to wear the uniform of his grade upon any public occasion. He is also eligible to be called upon for active duty.

ROYAL Baking Powder Economy

The manufacturers of **Royal Baking Powder** have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.

Mrs. Teas Hostess.

Mrs. T. S. Teas, of High street, was hostess to the Speak-No-Ill club Wednesday afternoon. An unusual feature of the meeting was the unintentional exchange of two ladies' wraps which provoked a lot of fun. Mrs. F. Leiner, of North Union street will receive the club in two weeks.

—o—

Pretty Home Wedding.

One of the prettiest of home weddings occurred at high noon Wednesday, March 8, at the home of Mr. and Mrs. E. E. Whitacre, of Bandy's crossing, when Rev. C. B. Reynolds, pastor of the Christian church of Alliance, united in marriage Walter W. Whitacre, of Lansing, Mich., and Miss Laura B. Sheehan, of Salem. The impressive ring ceremony was used and witnessed by a small party of near relatives. Miss Ethel Whitacre, sister of the groom, played, "On, Promise Me."

The bride wore a beautiful dress of oyster white silk poplin, simply made, and trimmed in baby Irish lace. She carried bride's roses. She is a young lady well known in Alliance, where she was popular with the younger society set when her parents resided there. She received many handsome and useful wedding gifts.

The groom is the only son of Mr. and Mrs. E. E. Whitacre and was formerly a draughtsman in the Alliance Machine company and an active worker in the Christian church of that city. He is now with the Reo Motor-Car company, of Lansing, Mich.

Immediately after the ceremony a bountiful wedding dinner of four courses was served. The centerpiece was a huge bouquet of pink and white carnations and smilax.

Mr. and Mrs. Whitacre spent Wednesday evening with relatives in Salem and left Thursday for Lansing, where they will be at home after April 1, at 297 West Barnes avenue.

—o—

Fine Social by 'Bekies.

The seating capacity of I. O. O. F. hall was overtaxed Wednesday evening when the members of the Rebekah order gave a red, white and blue social. Many who could not be accommodated with chairs stood while the interesting program was given. Drills, songs, recitations and instrumental music provided ample entertainment for the large crowd. A tableaux by W. P. Davis and H. H. Wilkinson prove to be a fascinating feature. At the conclusion of the program, refreshments were served. The social was among the most enjoyable ever attended by the Rebekahs and their friends.

—o—

Health Culture Friday Evening.

The parlor talk by Mrs. E. P. Wise which was announced for Friday evening will be at the home of Mr. and Mrs. George Sheehan, 96 Lincoln avenue, when the speaker will discuss "Health Culture as a Means of Developing the Mind, Body and Soul."

Mrs. Wise has appeared on the chautauqua platform and comes highly recommended by Salem and East Liverpool people who know of her classes. The public has been invited to hear her Friday afternoon at 3:30 at the Mothers' and Teachers' club at Columbia street school or in the evening at 7:30 o'clock.

State of Ohio, Columbiana county, ss.

In court of common pleas. Order of sale in partition. Case No. 7988.

Robert P. Sheen, plaintiff, vs. Wm. E. Sheen et al, defendants.

In pursuance of an order issued by court of common pleas in and for the county of Columbiana and state of Ohio, made January term thereof, A. D. 1911, and to me directed.

I will offer for sale at public auction on the premises on Saturday, April 8, 1911, at 1 o'clock p. m. of said day, the following described real estate, to-wit:

FIRST TRACT—Situated in the township of Perry in the county of Columbiana and state of Ohio, and known as being a part of the northwest quarter of section No. 32, township No. 16, range No. 3 and bounded and described as follows: Beginning at a post in the west line of said section No. 32 at a point 16 chains south of the northwest corner of said section, run from said beginning south on the west line of said section about 10 chains and 28 links but to the middle of the public road formerly called the Painter road, be the distance more or less, thence north 82 degrees east but with the course of the middle of said road 12 chains and 47 links; thence north 8 chains and 58 3-5 links; thence west 12 chains and 50 links to the place of beginning, being the same premises which were conveyed to said Jacob Hole by John Knoedler and wife by a deed dated March 29, 1872, and containing 13 acres of land, be the same more or less, but subject to all legal highways.

SECOND TRACT—Situated in the township of Perry, county of Columbiana and state of Ohio, being part of the northwest quarter of section No. 32, township No. 16 and range No. 3, beginning at a point on the quarter line 11 chains 36¼ links east of a stone at the intersection of the quarter line and the center line of Union street, thence north 7 chains 11½ links to the center of the public road known as the Painter road; thence north 81 degrees and 19 minutes east along the center of said Painter road 7 chains 51½ links and to the northwest corner of a six-acre tract owned by Isaac N. Rhodes and now owned by Julius Voetter; thence south on the west line of said six acre tract 8 chains 21¾ links to the quarter line; thence west on the quarter line 7 chains 52½ links to the place of beginning and containing 5 76-100 acres of land, be the same more or less.

THIRD TRACT—Situated in the city of Salem, township of Perry, county of Columbiana and state of Ohio, being part of the east half of section No. 31, township No. 16, range No. 3, Columbiana county, beginning at a point on the east line of Highland avenue, the same being the northwest corner of lot No. 908, appraisers' addition; thence east 173 2-10 feet; thence north 452.1 to the center of the Painter road; thence north 85 degrees 51 minutes west 173 8-10 feet; thence south along the east line of Highland avenue 465 feet to the place of beginning, containing 1 81-100 acres of land, be the same more or less, but subject to all legal highways and is the same premises sold by Robert Tolerton to Gottfried Bruderly by written contract dated February 22, 1886, and in which said Bruderly sold and conveyed all of his interest to James Sheen on December 10, 1888, and directed the said executors to convey the same to Sheen instead of to him.

Said third tract is sub-divided as follows:

House and lot on corner of Egypt road and Highland avenue, size of lot 86.2 feet by 225 feet; house and lot east line of 86.6 feet by 212 feet; one acre lot off south side of third tract 173.2 feet by 240 feet.

Said premises have been appraised as follows:

First tract, $2,800; second tract, $750; third tract, $1,500, as sub-divided, house and lot on corner of Egypt road and Highland avenue, appraised at $650; house and lot on east line appraised at $650; one acre lot off south side of third tract appraised at $200.

Cannot sell for less than two-thirds of appraisement.

TERMS OF SALE: One-third cash in hand; one-third in one year and one-third in two years; deferred payments to bear interest from date of sale and to be secured by mortgage on the premises.

Pimples Off In 5 Days

The New Calcium Sulphide Treatment Does Wonders to Every Kind of Skin Eruption.

Trial Package Sent Free to Prove It.

You don't want to wait forever and a day to get rid of your pimples or other skin eruptions. You want to get rid of them right now. Next week you may want to go somewhere where you wouldn't like to have to take the pimples along.

You can get rid of them just in time by taking Stuart's Calcium Wafers.

These wonderful little workers have cured bad boils in three days, and some of the worst cases of skin disease in a week.

They contain as their main ingredient the most thorough, quick and effective blood cleanser known, calcium sulphide.

Remember this, too, that most pimple treatments reek with poison. And they are miserably slow besides.

Stuart's Calcim Wafers have not a particle of poison in them. They are free from mercury, biting drugs or venomous opiates. This is absolutely guaranteed. They cannot do any harm, but they always do good—good that you can see in the mirror before your own eyes a few days after.

Don't be any longer humiliated by having a splotchy face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who forge ahead are those with pure blood and pure faces.

Stuart's Calcium Wafers will make you happy because your face will be a welcome sight not only to yourself when you look into the glass, but to everybody else who knows you and talks with you.

We want to prove to you that Stuart's Calcium Wafers are beyond doubt the best and quickest blood and skin purifier in the world—so we will send you a free sample as soon as we get your name and address. Send for it today, and then when you have tried the sample you will not rest contented until you have bought a 50c box at your druggists.

Send your name and address today and we will at once send you by mail a sample package, free. ddress F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

SERIOUS THREATS IN ANONYMOUS LETTER

North Lima, March 9.—Following in close succession to an investigation made in North Lima a few days ago in regard to several head of stock which were reported by telephone to be in a bad state of neglect, Humane Agent Joseph Williams received an anonymous letter in which some dire threats are made. The nucleus of the plot is Mrs. Anna Courtney, of the above village, who apparently has contracted enemies bent on her immediate departure from the farm owned by Dr. John Bloom, of Youngstown.

Mrs. Courtney, with the assistance of a hired man, operates the farm. Mr. Williams investigated the matter and found the cattle were not being accorded the proper treatment as far as cleanliness was concerned and left instructions for the future. This complaint and the following letter is the result. The letter was mailed in Youngstown and the envelope bore the business card of Attorney W. R. Stewart. It was written on a piece of scrap paper and barely legible.

"Mr. Williams: Now you take warning from me, we are going to do something now, old Bloom has no friends in North Lima and we do not want him to own a farm here. We have not anything against Mrs. Courtney but she must leave the farm. You did not do the fair thing when we called on you. You ought to put her out of business. Now I will tell you we are glad her pony died and soon more of her stock will die in spite of you. She had a fine cow die and we helped her to die and she has fine horse that you will see die for her soon. She can see all the horse doctors she wants we are going to do our part now. If she will leave this farm we will leave her alone, but as long as she stays we will use slow poison and no one will help her either. I will tell you now we are all friends and will not tell on each other so you might as well stay in Youngstown if you work for her or the doctor. We are going to send her a letter she must leave the farm and you mind what we are telling you. Your not running North Lima."

The Youngstown public schools will soon be equipped with vacuum cleaners.

Feet So Sore Couldn't Walk Down Stairs--

TIZ Cured Her Quick

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. **TIZ DID IT.** Mr. Crockett says: **"After the second treatment she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."**

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which causes sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

MASSING TROOPS

Continued from Third Page.

suppress the insurrection. This embassy affirms categorically that Blatt and Converse were taken prisoners in Mexican territory and not on American soil as has been falsely represented by the press."

The prisoners referred to are both Americans who joined the insurrectos operating along the Rio Grande river. They were captured by Mexican federal troops and are now in prison. It has been charged that both men were taken after they had crossed the boundary into the United States.

Reports received at the war department show that the mobilization of the largest force of regular troops since the days of the Spanish war is proceeding with smoothness and regularity. From all parts of the country troops are now speeding from their stations.

It is practically certain that within five days the mobilization at Fort Sam Houston, at Guanatanamo and at San Diego will have been completed.

INTERVENTION MEANS WAR, SAY MEXICANS

Federals and Rebels Want no Interference by Uncle Sam

El Paso, Tex., March 9.—Intervention is not going to prove a pleasant task for the United States in Mexico, if intervention is contemplated as is generally believed here, if the interviews given here by the insurrecto and Mexican officials mean anything.

Notwithstanding statements from men close to Madero that the insurrectos would welcome intervention and a guarantee by the United States of a fair election, Frederico Gonzales Garcia, Madero's secretary of state, declared that his people would not stand for American interference. Mexican Consul Antonio V. Lomell declared that intervention would mean war.

Some Juarez officials smilingly asked: "How would the United States like to find Japan landing troops in Mexico if it attempted any intervention?"

Mexican Consul Lomell said: "I believe the United States when it says intervention is not intended. We rely on the American government when it has given assurances that the mobilization is only for the purpose of practice. Anything else would be bad faith to the Mexican government. Intervention would mean war in Mexico, no more no less. We have the means to resist and we cannot accept such a thing."

German Press Bitter.

Berlin, March 9.—The Pan-German press is considerably agitated over the late developments in the Mexican situation. It accuses the United States of taking advantage of the difficulties in Mexico to repeat "the piratical exploits as exemplified in the treatment of Texas."

New Orleans, March 9.—It is reported here that President Diaz of Mexico died last evening. The report cannot be confirmed as the Mexican government placed an embargo on all news soon afterward.

Mexican Officials Notified.

Mexico City, March 9.—The American charge d'affairs advised Foreign Minister Creel that he had received instructions from Washington to communicate with President Diaz and assure him that the concentration of American troops in Texas along the Mexican border did not have for its object the occupation of Mexican territory.

He added that this message was sent in order that any suspicions that might arise at this time might be avoided. The message was at once communicated to the newspaper which put handbills on the streets in an attempt to reassure the people.

Sentiment Divided.

The city was buzzing with excitement because of a telegram published to the effect that the United States was sending 20,000 troops for alleged maneuvers along the border. The Mexicans, almost without exception, believe this is the first step toward intervention and the general sentiment seems to be divided between satisfaction and fear.

Minister Creel in an interview declared that the United States had given assurance that it had no intention of taking part in the Mexican trouble. He said that Mexico was able to put 50,000 more troops in the field and the government intended to do so.

With every day it would seem that the revolution is growing stronger. Outbreaks are constantly occurring with varying results throughout the country. The government is making a serious attempt to open the Mexican Central railroad from Torreon to Juarez, but so far these efforts have met with little practical success.

Father and Son Killed by Train.

Greensburg, Pa., March 8.—While going to work two miners, father and son, were run down by a Pennsylvania railroad train just west of town and instantly killed. The dead men are Francis Dieurio, aged fifty-four years, and Cosino Dieurio, twenty-one years, both of Greensburg.

A Special Medicine for Kidney Ailments.

Many elderly people have found in Foley's Kidney Remedy a quick relief and permanent benefit from kidney and bladder ailments and from annoying urinary irregularities due to advancing years. Isaac N. Splendid for the Blood

"Being all run down last spring I was advised to take Pinkham's Blood Purifier. I tried one bottle, and got such quick relief that by the time I had taken three bottles I felt like a new person. After taking the medicine I gained twenty pounds in three months."—AARON WINSLOW, 60 Washington Street, Lynn, Mass.

At this season of the year almost every one needs a reliable blood purifier or spring medicine. This is indicated by that tired, "dragged-out" feeling—humors and eruptions which appear on the face and body,—and unless the blood is purified and enriched more serious consequences are liable to follow.

Pinkham's Blood Purifier

The best spring and blood medicine, is prepared by the Lydia E. Pinkham Medicine Company, of Lynn, Mass. You know this Company. You know that Lydia E. Pinkham's Vegetable Compound is the standard medicine for women; your common-sense tells that the company which owns so successful and valuable a medicine as that could never afford to risk its reputation by putting on the market any other medicine not of the same high degree of excellence. When you buy medicine prepared by this company you get the best, and Pinkham's Blood Purifier is The Best.

Hope For Consumptives

We have a message of cheer for consumptives and lung sufferers—many of whom may have given up hope of ever being well and happy again. Look, listen and learn—this testimony should stir you into action.

A Physician Cures His Wife of Consumption

Gentlemen:—

"My wife was down with Consumption, when I ordered a bottle of Aicsol (Lloyd). She was very weak from night sweats, cough, and in a feverish condition. I noticed a change for the better after ten days' treatment, and from that time on up to three months, when the cure was completed. Aicsol (Lloyd) kills the Tubercle Bacillus in the blood and tissue, and it is the only remedy so far discovered that will do this. It is a preventative as well as a cure. It should be used by those who are run down, or those who fear the approach of Consumption. It can be truthfully said that Aicsol (Lloyd), for the cure and prevention of Consumption, is the most wonderful compound of the present age."

DR. W. H. KNIGHT,
East Saugus, Mass.

J. A. Ward, M. D., Willing To Make Oath

Gentlemen:—

Had you spent $25,000.00 in advertising your remedy to the people for the benefit of consumption and all the chronic lung troubles, instead of distributing it among physicians who put samples in out-of-the-way places and perhaps never think of them again, you would now, in all probability, have a paying trade, while many poor victims of the White Plague that are now in their graves would be well and attending to business.

I believe you have one of the best remedies ever offered to the people. I believe it to be a general reconstructor of tissue and indicated in all cases where a reconstructor is called for. I have used Aicsol (Lloyd) for nearly five years, and know what I am talking about.

Once the remedy becomes generally known there will be but little trouble disposing of it.

You can use my name in any way you see fit in advertising, as I have said nothing in regard to the matter to which I will not be willing to make oath where such course is necessary,

Very respectfully,
J. A. WARD, M. D.
Troy, Mo., July 22, 1908.

A Physician Tells How Consumption May Be Cured

To Whom It May Concern:—

This is to show that I have used AICSOL (Lloyd), a medicine made and sold by LLOYD CHEMICAL CORP., of St. Louis, Mo., on one case of pulmonary consumption, on a lady in Kentucky, who was 47 years of age, and she recovered, and is now well and performing her ordinary duties and household work as of yore; is a gratified and sound woman.

The above case was far advanced in the second stage; night sweats, daily chills, hectic flush, and in the stage of menopause, which is one of the most critical periods in woman's life.

I believe it will cure nine out of ten cases for which it is made, thereby saving and prolonging life, bringing health, happiness and saving immense suffering and in the aggregate, worry and thousands and millions of money. I heartily recommend AICSOL (Lloyd) to all interested and suffering with any forms of consumption, and give permission to use my name in placing AICSOL (Lloyd) before the public.

Very respectfully,
G. W. HOLT, M. D.
McLeansboro, Ill.

We consider Aicsol (Lloyd) the greatest treatment of the century—entirely different from any other treatment now in existence; the most startling addition to medical science since Jenner isolated vaccine virus.

Listen and be convinced. Many patients begin its use when suffering from weakness, blood-spitting, pus filled sputum, night sweats, chills, fever, constipation, loss of flesh, painful lungs, distressing cough, wasted bodies, loss of hope and strength, full of despair. Aren't these terribly true symptoms of dreaded consumption?

When these same patients, after a few months' use of Aicsol (Lloyd), report that they ARE CURED, strong, able to work, have not an ache or pain, happy, full of praise for this marvelous treatment, it's time for you to be interested. The sworn testimony of just such remarkable results with names and addresses of these patients will be sent you. If you are not sick, cut out this ad, and send to some sufferer, or send us the name of such sufferers. All correspondence strictly confidential. Tomorrow is just so much time lost. Don't delay. WRITE TODAY AND SIMPLY SAY:—SEND ME PROOF. ACT NOW by addressing LLOYD CHEMICAL CORPORATION, 887 LLOYD BUILDING, ST. LOUIS, MO.

CONTRACT LET FOR NEW LAUNDRY AT FAIRMOUNT

Alliance, March 9.—The quarterly meeting of the commissioners and trustees of the Fairmount Children's home from Stark and Columbiana counties was held at the home Tuesday with all present.

The regular routine of business was attended to, including the passing of bills and the approval of Supt. Lupher's estimate for the coming three months. The commissioners also took up the project of building a new laundry, and the contract for plans has been let to a Canton architect. The laundry will be placed near the engine room and run by steam instead of gasoline.

M. G. Marshal, Canton, an instructor in the Canton High school, was elected a trustee of the Fairmount Children's home for a term of five years to succeed James M. Fife, of Canton, who has served as a trustee for a number of years.

NEWS IN BRIEF.

The schools at Winder Ridge, a village near Canal Dover, have been closed owing to an epidemic of infantile paralysis. One pupil died and others are in a serious condition.

That he was suddenly given the ability to read the Bible without first learning to read simple words is the claim of Jacob R. Tucker, of Canal Dover. He says he attended school but four days in his life.

Whether Katie Manz, who is confined in the Massillon State hospital, did or did not write her autobiography and hide it in a mattress of her cell is not known. The "story" of her life was published in several of the city papers.

CHILDREN IN THE HOME

The highest type of happiness is reached by having children in the home; but the coming of the little ones is often attended with apprehension and dread. Mother's Friend if used by the expectant mother in preparation of the ordeal, carries her through the crisis with safety. This great remedy assists nature in all necessary physical changes of the system, affords bodily comfort during the period of waiting, and preserves the symmetry of form after baby comes. The penetrating and soothing qualities of Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book containing valuable information for expectant mothers.

CROSSER BILL PASSES HOUSE

Initiative and Referendum For Municipalities

77 TO 15 IS VOTE RECORDED

Eight Per Cent of Municipality's Voters Can Initiate Ordinances Under Provisions of Bill—No Amendments Tacked on to Measure, Although Several Were Offered—Resolution to Limit Speeches in House Defeated.

Columbus, O., March 9.—The Crosser bill, providing for the initiative and referendum for municipalities passed the house by a vote of 77 to 15. No amendments affecting the principle of the bill were adopted, although many were offered.

Representative Smith of Butler county sought to get a re-reference to the committee on the cities. The motion was lost. The same fate happened to an amendment offered by Cowan of Putnam county to cut out the initiative and retain only the referendum in relation to franchises, ordinances granting rights and involving the expenditure of money.

Under the bill 8 per cent of a municipality's voters can initiate ordinances.

Want Plenty of Time to Talk.

The Huber resolution to limit speeches on bills in the house to ten minutes and seconding speeches to five minutes was lost. The solons evidently want to take their own time in arguing for and against bills.

Among the bills passed in the senate were the following:

By Mr. Haas of Delaware, providing for the separation of tuberculer inmates of the penitentiary and state reformatory after Jan. 1, 1914.

By Mr. McDonald of Ashtabula, providing for the examination of males applying for marriage licenses. Designed to guard against those who have contagious veneral and tubular diseases. Amended so as to permit family physician to make examination.

OREGON PLAN MEETS DEFEAT IN SENATE

Close Vote on Stockwell Measure, 19 to 15

Columbus, O., March 9.—The senate, by a vote of 19 to 15, went on record against the Oregon plan of electing United States senators by direct vote.

Six Democrats—Cetone, Cahill, Dore, Dean, Huffman and McKee—lined up with thirteen Republicans and prevented Senator Stockwell's attempt to have the Oregon plan bill that he introduced Tuesday engrossed and placed on its passage without being sent to a committee.

Tod of Mahoning and MacDonald of Ashtabula, Republicans, voted with thirteen progressive Democrats in favor of the proposition.

Stockwell's original bill, embodying the Oregon plan, is still in the hands of the committee on privileges and elections.

The senate adopted the house joint resolution introduced by Russell of Wayne, petitioning congress to call a constitutional convention for the purpose of submitting to the states for ratification of an amendment to the constitution providing for the election of United States senators by direct vote of the people. Senators Doster and Tod of Mahoning voted against the resolution. Later Senator Tod announced that he had voted under a misapprehension and asked to change his vote which privilege was not granted.

New Way Knocks Rheumatism

D-M-F Proves Startling Success.

Guaranteed Absolutely As To Results.

The problem of ridding the system completely of uric acid deposits which cause rheumatism has been solved, as stated by many chronic sufferers who have used it, by the novel remedy called D-M-F, perfected after 30 years of exhaustive tests.

Its unique action is one of the features which most attracts the attention of the sufferer using it. Unlike any other treatment of its kind known, it produces results or "signals" by which the patient has been able to clearly foretell the complete eradication of the disease.

D-M-F has been remarkably effective in every form of rheumatism, a feature which is extremely unusual.

C. W. Beson, M. D., one of the most prominent physicians in Oklahoma, known for his success in treating rheumatism, says:

"The cases for this test were selected from the various chronic forms commonly known as incurables, and all forms of the disease have yielded to the D-M-F treatment. Convinced that with D-M-F there are no incurable forms of the disease, I am now ready to stake my professional reputation on my ability to cure all forms of rheumatism with this treatment."

The best news of all for the rheumatic is that D-M-F is guaranteed as to results.

D-M-F is singularly free from any opiates or dangerous drugs of any description, and is easily assimilated by the weakest stomach.

Full explanations of the wonderful action of D-M-F on rheumatism, [illegible] and neuralgia, [illegible] with every bottle. Begin taking a bottle of D-M-F today, and [illegible] every other [illegible] you may now be taking. [illegible] at your druggist [illegible] bottle. If you are satisfied, as you will be, get 6 bottles [illegible] and get rid of your affliction. If your druggist can not supply you, it will be sent on receipt of price by the [illegible] Medicine Co., 2715 Lincoln [illegible] Chicago, Ill.

Are You Worried?

because you owe $50, $75 or $100 scattered in small amounts with the rent man, grocery man, furniture man, butcher, doctor and druggist?

Does it make you figure pretty close on pay day to give each man a couple of dollars? Does it take so much of your pay that you do not have enough left to get necessary clothing, etc.?

If you are paying each of the above creditors $2 per pay it amounts to $12 each two weeks or $24 per month.

Would it not be much easier to handle these debts by borrowing enough money to pay them all and have only one place to pay each pay day or once a month?

We can advance you $100 and the payments monthly will not be as much as you are now paying each pay day.

Buys Interest in Drug Store.

J. H. Lease, of this city, pharmacist with O. C. Porter of Alliance has purchased an interest in the Churchman Drug company, of Springfield, the company by which he was employed previous to locating in Alliance last October.

Jack has resigned his position in Alliance and after Saturday will spend a few days with his parents, Mr. and Mrs. Theodore Lease, of Ellsworth avenue. He will take charge of his new duties at Springfield on March 15.

New Road Staked Out.

Lisbon, March 9.—The county commissioners this afternoon went to the Burcaw farm, in Elkrun township, where they located the proposed road which was petitioned for by residents of that neighborhood. The commissioners were accompanied by County Engineer French, who drove the stakes for the line of the new road.

The new road will eliminate a bad grade which has been a source of trouble to teamsters who have been forced to use that road in the past.

Had Finger Amputated.

Captain U. S. Wetzel, of Company K, O. N. G., of Alliance, suffered the loss of his index finger of the left hand Tuesday while employed as a wood turner at Weybrecht's planing mill in Alliance. While using a bandsaw to shape up a piece of wood, the saw struck a soft place and slipped through, striking Captain Wetzel's finger. The member was badly lacerated, requiring amputation at the second joint.

Dugan Will Admitted.

Lisbon, March 9.—The last will and testament of David Dugan, late of Unity township, has been admitted to probate on the testimony of L. M. Kyes, one of the subscribing witnesses to the document. C. P. Rothwell, the other witness to the will having died, his signature to the document was identified by parties familiar with it and the will was admitted to probate on this testimony.

Purchased Home.

Paschall Seeds, who, with his wife and daughter, Altina, have been living here for several months, having recently returned from the West, has purchased the small residence on Fifth street, formerly owned by R. W. Campbell. Mr. Seeds will repair and remodel the house before moving into it.

Purchases Farm Tract.

Prof. L. L. Weaver, of Alliance, supervisor of writing and drawing in the Salem public schools, has purchased two farm tracts in the suburban allotment west of Alliance known as Greenhurst, along the Stark Electric line. He expects to erect a country home on one of the tracts.

Purchased New York Farm.

Harvey Sanders, of Beloit, has sold his farm and purchased a farm of 295 acres near Binghampton, N. Y., and left for his new possessions Tuesday evening. He shipped two car loads of goods from Beloit to Binghampton Tuesday night. The family will follow in a few days.

Miss Elsie McCammon, of Pittsburg, is the guest of the Misses Walker, of Franklin avenue.

Freckles Gone

"Simple Remedy From Floding's Pharmacy Removed Them," Says Society Lady.

"The best skin specialists told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, othine—double strength, that I bought at Floding's Pharmacy which cleared my skin and gave me a fine complexion."

The action of othine is really remarkable, for when applied at night, many of the freckles disappear entirely by morning, and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask Floding's Pharmacy for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.

Stump Held Up Car.

A stump and a small land slide held up the Y. & O. R. R. car Wednesday and delayed the 12:10 p. m. car out of East Liverpool. Passengers were soon transferred to another car and the track cleared within an hour. The car could probably have passed without danger but the motorman and conductor were not willing to take the risk of an accident.

PUBLIC AUCTION
